Yes, that works and makes sense.

Thanks Arne- can we slot an hour on July 7<sup>th</sup> for a joint hour-long press availability- maybe 1:00 PDT? Basically our communications would set up a conference line where any press outlet could call and ask questions about the report or presentation from the Council meeting. We would defer to you for any of the analytical questions and then BPA would cover any questions related to CRSO EIS, future consequences on FCRPS, etc..

Apologies, I now have a conflict until 4 PM EDT on the 7<sup>th</sup>. Could probably skip the last hour of the seminar I'm participating in and be available at 3 PM EDT if necessary. I've blocked off the hour on the 8<sup>th</sup>.

Hi Arne-

Murray's office would like an E3 results briefing July 8 at 3:00 PM Eastern time (12:00 Pacific). There is also a broader NW Congressional briefing that may be scheduled with staff still working around the availability you mentioned below for July 7 after 2 PM EDT and July 8 outside of the Murray time of 3 – 4 since they wanted a separate briefing. Let me know if your availability has changed at all.

Thanks,  
Eve

I'm tied up until 2 PM EDT on July 7 but am available any time on July 8.

Hi Arne-

I just heard from our DC relations staff that Congressional staff would prefer their own briefing of the E3 results. Would you be available later on July 7 (outside of your 10 – 1 PM conflict) or the next day to present? Let me know your availability and we'll work on scheduling a virtual presentation.

Thanks,  
Eve
